THURSDAY, MAY 27th, 1926

No. 21

For a  
Square  
Deal.

## The Hub For High-Class Groceries.

**Salt--** This is the time of year for SALT. Stock is all on pasture and no matter how good a pasture you may have, you will be surprised just how big a paying proposition it is to leave a few blocks of salt around the fields where cattle can just lick them as they wish. It pays to feed salt and it is not expensive.

Ordinary Blocks, 50lb., for 90c.  
Iodised Blocks, \$1.15.  
Coarse Salt, in 50lb. sacks, 85c.  
Coarse, " 100lb. " \$1.65.  
Iodised Salt, for table use, in tubes, 2 for 35c.

**Barrel Salt--** Just a few left. Comes nicer than the salt in sacks, and can be used for stock or cooking use. Per barrel \$5.90.

FOR THE WEEK-END.—Fresh Fruits—Celery, Lettuce, Cukes, Tomatoes, Strawberries, Rhubarb, Etc.

FRESH PINES, for preserving, 3 for \$1.00.

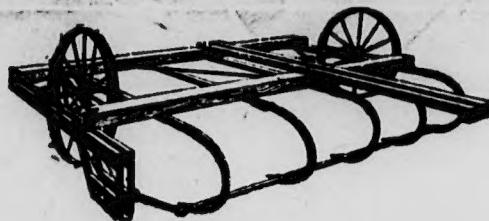

FARMERS!

We Want Your EGGS.

## The U.F.A. Plans for Campaign.

Membership Drive May 25  
(By John Mackenzie, Secretary,  
U.F.A. Publicity Committee.)

The United Farmers of Alberta have circularized all their locals announcing a membership drive, to commence May 25, and to be completed at the earliest possible date. Their object is to have every farmer in Alberta a member of the organization. Objection is said to be made by some farmers to the U.F.A. taking part in politics, but those who feel that way should join, as the policy of the U.F.A. has always been determined by the majority of its members.

The U.F.A. has decided as an organization to take direct political action. They are convinced that the results attained by the present U.F.A. Government during its five years of office show a great improvement over the previous system of Government.

U.F.A. Secretaries are asked to get busy at once and call meetings of their locals to organize the membership drive. Women are welcome members of the U.F.A. though not actively farming, are eligible for membership. All applications for membership are voted on by the locals.

The Executive Committee of the U.F.A. have issued an appeal to all members to subscribe to a special fund to carry on the necessary work of the campaign. As distinct from the old party system, the U.F.A. is dependent for the financing of all its activities on the contributions of its members. If it is desired to have a government responsible directly to the people, the election funds must come from the people.

The Executive have planned a campaign which includes a large appropriation for weekly and farm journal advertising. This they feel is necessary if the public is to vote intelligently. The present Government feels sure of being returned by a overwhelming majority if the facts regarding its administration are adequately presented.

## Westcott.

The Westcott citizens, friend and relatives, celebrated the 24th by picnicing back by the Little Red Deer and Fallen Timber rivers. Unfortunately the meeting place had not been definitely arranged, so the first division went on to the Fallen Timber and the second division stayed at the Little Red, being unable to climb some of the hills with their cars. A very enjoyable time was reported by all. Mrs. H. D. is a very enthusiastic baseball fan at times.

The Minstrel troupe are practicing twice per week and have the program in A1 shape. The final night will be on Friday, June 4th, at the Didsbury Opera House at 8.30 p.m. If you can't laugh, don't come, for they say they are not going to be responsible for sore sides.

Mr. Milton Ford spent Sunday afternoon at H. O. Leverage's and Hughes'.

Mr. and Mrs. J. A. Hughes spent Sunday at Albert Vogel's.

If you want to know which horse to bet on at the Calgary races, ask Jimmy, he will tell you.

The Westcott sports will be held on July 15th. The usual program is being re-arranged and improved upon.

Mr. M. Jacobson and family and Rev. Nissen left on Monday for an extended motor trip to the States.

Harry Garry left on Saturday for parts unknown.

## Star Model 24

### RUNNING-IN-OIL

The Model 24 Star Windmill is furnished with either of two kinds of bearings—Timken Tapered Roller Bearings, or Nu-Oil-Em Bearings. With either style of bearings, the Model 24 is a light-running, efficient windmill.

Get an improved STAR. It will pump more water in the lighter breezes.

Every Model 24 Star Windmill is absolutely and fully guaranteed against all defects in material and workmanship, if properly erected and oiled with cold test oil, according to printed instructions which accompany the mill, to run for one year, without further oiling.

## Polish your Floors with CHAM.

This is a floor wax, comes in both a liquid and paste form.

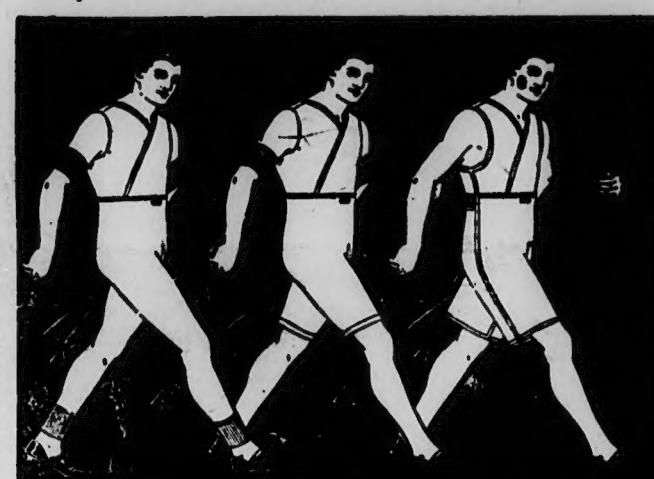

PAINTS, VARNISHES, STAINS, etc.

## Britain Not Bolshevikistic

One of the most remarkable, and at the same time most satisfactory, features of the great strike in Great Britain is the way in which the people kept their tempers and passions under control. With millions of men on strike, and many millions more dependent on them for support, and all feeling more or less bitter against the Government and those throughout the country opposed to the strike, it is little short of the miraculous that rioting and indulgence in excesses of all kinds was not general.

Then, too, the strike imposed discomforts, inconvenience, and in some cases even hardship on every other citizen. Had short tempers and the voicing of bitter complaints and the development of bitternesses of all kinds been the rule it would not have been surprising. It would have been expected in almost any country. But despite any and all provocation the people of Britain kept their heads, remaining, with few exceptions, calm and unruffled.

It speaks volumes for the sturdy character of the British people, and their inherent loyalty, that they have thus "played the game." Grim and determined as both sides to the dispute proved themselves to be they wage battle for a principle, and the strikers in more ways than one proved the truth of their assertion that they were not fighting Britain, but for what they conceived to be the highest and truest interests of the country. British labor in this struggle—the greatest in the history of the country—demonstrated that it is not Communistic nor Bolshevikistic.

The "Reds" in Russia welcomed the British strike with unconcealed joy. For years they have been striving to convert the British worker to communism. They have desired the overthrow of the present form of government and have conspired and intrigued to bring about a Soviet republic in Britain. The Moscow "Reds" thought success was in sight and promptly offered millions of rubles to assist the British strikers. The money was just as promptly declined by the British labor leaders. British labor had an issue to fight out with the Government, but they had no desire nor intention of destroying the Government. The strike will have served at least one valuable purpose in thus proving to the world the inherent loyalty and sameness of the rank and file of British people.

Undoubtedly the British Government and the overwhelming majority of the people are in full sympathy with the desire of the strikers for the creation of the best possible working conditions, hours of labor and pay. There is no difference of opinion as to the desirability and necessity of solving the coal mining problem in the British Isles. Where the Government and the majority took issue with the strikers was in the method adopted by the latter to enforce their own views and opinions upon the country, namely, through a general strike to deprive all people of the conveniences and necessities of life and thus force them into submission.

If there is one national characteristic of the British race it is their love of freedom and fair play. They will not be forced, nor bow to dictation. And the strikers made an irreparable blunder when they sought by depriving all the people of means of transportation and other essential services to force compliance with their own wishes. It is not "fair play" to impose discomfort, loss and suffering upon innocent millions of people in order to "get at" those in authority with whom the strikers had a quarrel. This smacked too much of German military methods inflicted upon innocent Belgium in order to strike a blow at France.

Furthermore, while people generally are anxious that all necessary reforms in the coal industry shall be effected as quickly as possible, they resent and reject the assumption upon which the strike was based that it was necessary to take them by the throat and force them into subjection.

Methods which may appeal in Soviet Russia are not acceptable to the liberty-loving Anglo-Saxon. This was well established in the One Big Union strike in Winnipeg a few years ago. It has again been proven on a much larger scale in the British General strike. The British workers proved their loyalty to Britain by refusing Soviet money, and by their declaration that they were engaged in a purely domestic struggle which in no way involved their national honor. But they made a mistake in adopting Soviet strong arm methods in waging their domestic battle.

The result of the struggle is to establish that the British people, including the great mass of British Union labor, are in no danger of accepting the ill-digested theories and quack remedies of Bolshevikistic Russia and communistic demagogues throughout the world.

### Cancer Takes Heavy Toll

Death Rate From This Disease Said To Be Increasing

The increase in deaths from cancer in Ontario and the rest of the Dominion has been alarming, the committee of cancer reported to the Ontario Health Officers' Association.

"Not only have the total number of deaths from cancer in Ontario increased generally, but the rate per hundred thousand of population and the percentage of cancer to deaths, all over the continent, has increased alarmingly," the report said.

### Big Irrigation Association Meet

The annual convention of the Western Canada Irrigation Association will be held in Medicine Hat on July 27, 28 and 29. Prominent irrigationists from Canada and the United States are expected to be present.

### For Good Roads

Contract Let For \$106,000 in Road Work in Saskatchewan

The Saskatchewan Government has already started on a big programme of highway construction, the following contracts, a total of \$195,000, having already been awarded for work to be started immediately. From Forward west, seven miles, to W. E. G. Ross, Regina, \$7,500; road from Herbert to Waldeck, to F. C. Hare, Regina, \$36,000; from Carlevale to Carnuff, T. R. Kenderline, of Maryfield, \$12,500; Kisby, east and west, nine miles, Thorvald and Erik Lakness, of Govan, \$22,000; Lestock to Punichy, Charles B. Morgan, The Pas, Man., \$36,000.

There is no poisonous ingredient in Holloway's Corn Remover, and it can be used without danger or injury.

### District Welcomes Increased Service

The increased train service between Saskatoon and Edmonton, via North Battleford and Lloydminster, which took effect on May 10, will be a great convenience to the people living in that territory, according to transportation officials of the Canadian National Railways. This district has been served for a number of years by a night service only, whereas now there is a double service, trains leaving Edmonton and Saskatoon in the morning, making connections for the east and west.

### Large Flour Mill For Calgary

Spillers Overseas Limited to Build One Of the Largest Mills in Canada

Advice from London, England, are to the effect that Spillers Overseas, Limited, is going ahead with its arrangements to complete and equip its big mills at Calgary. The completion of the building will cost about \$1,500,000 and the equipment more than twice as much. It is expected that this mill will be in shape to handle the 1927 crop and that it will be one of the largest in Canada.

### "DIAMOND DYE" ANY GARMENT, DRAPERY

Just Dip to Tint or Boil to Dye

Each 15-cent package contains directions so simple any woman can tint soft, delicate shades or dye rich, permanent colors in lingerie, silks, ribbons, skirts, waists, dresses, coats, stockings, sweaters, draperies, coverings, hangings—everything!

Buy Diamond Dyes—no other kind—and tell your druggist whether the material you wish to color is wool or silk, or whether it is linen, cotton or mixed goods.

### Find Large Munition Dump

Concealed Behind False Wall Escaped First Search By Dublin Police

A munition dump, one of the largest ever found, was recently discovered by Dublin detectives behind a false wall in a stable in King Street, Dublin. It contained nearly 300 live bombs, 5,000 rounds of rifle ammunition, 10,000 detonators, and two tons of high explosives, including cordite and gelignite. Many spare parts for bombs and a quantity of machinery were also found. Some of the boards of the wall were removed, revealing a secret chamber twenty feet long stocked with war material. The stable, which belongs to one of the nineteen prisoners who escaped from Mountjoy Prison about four months ago, had been searched recently by the police, who found nothing.

### Wheezy Chest Colds Subdued Over Night

Trained Nurse Tells How Colds Are Quickly Broken Up

### NERVILINE

A Home Necessity

Speaking of valuable home remedies that every mother should always keep on hand, Nurse Carrington says: "I haven't met any preparation more dependable than 'Nerviline.' It is the ideal liniment; every drop rubs in—it is absorbed quickly, eases and relieves congestion in a short time. For chest colds, pain in the side, stiff neck, earache and toothache, I have found Nerviline invaluable. In treating the minor ills that arise in every home, nothing is more efficient than Nerviline."

For nearly fifty years Nerviline has been a household article in thousands of Canadian homes. Get a 35c. bottle to-day.

Of two evils some men choose the lesser—unless there is more money in the other one.

### She Could Never Do The Things Other Girls Did

Miss I. J. Ross, Scollard, Alta., writes:—"I am only twenty years old, but have suffered from heart palpitation and nerve trouble for several years.

I could never do the things other girls did, that is, in the line of sports, skating, etc., and could never depend on myself at work.

About six months ago I began taking

and am just twice the girl I was, and can enjoy everything in general life so much more. I am very grateful for what your pills have done for me."

Put up only by The T. Milburn Co., Limited, Toronto, Ont.

Always Ready To Soothe & Heal

### Making Use Of Geysers

Town In Iceland Uses Water To Heat Houses

The wonderful geysers of Reykjavik, in Iceland, are now being used to heat the town and to warm and water greenhouses and gardens.

Water from the geysers is forced through narrow pipes laid at a depth of about three feet in the soil, and the warm water favors and hastens the growth of both vegetables and fruits.

Near the largest geyser a very large greenhouse has been built, where all kinds of flowers and vegetables are being cultivated with extraordinary success. It is possible, indeed, that with the assistance of its geysers Iceland will be able to compete with the Channel Islands as a purveyor of early potatoes and flowers.

### GIVE CONFIDENCE TO YOUNG MOTHERS

By Always Keeping Baby's Own Tablets in the Home

A simple and safe remedy for the common ills of babyhood and childhood should be kept in every home where there is either a baby or a young child. Often it is necessary to give the little one something to break up a cold, allay fever, correct sour stomach and banish the irritability that accompanies the cutting of teeth. Experienced mothers always keep Baby's Own Tablets in the home as a safeguard against the troubles that seize their little ones so suddenly and the young mother can feel reasonably safe with a box of these tablets at hand and ready for emergencies.

Baby's Own Tablets are a mild but thorough laxative that act without griping and they are absolutely guaranteed free from opiates or other harmful drugs. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### Poison Becoming Cheaper

Calcium Arsenate Or Arsenate Of Lime Is An Economical Insecticide

The old buggy served its day and served it well, but times have changed. The car is now the popular means of conveyance. Paris green was the old-fashioned poison for potato beetles and sundry other leaf-eating insects, but its day of economical service is fast passing. According to Professor A. V. Mitchener, entomology department, Manitoba Agricultural College, a newer and much cheaper poison for insects has made its appearance upon our markets and should be much more widely known than it is at the present time. This newer insecticide is calcium arsenate or arsenate of lime.

It is much cheaper than paris green, shows up on the foliage better since it is white, and will not burn the foliage when applied either dry or in water.

The price of calcium arsenate or arsenate of lime has dropped this year and this fact should make this insecticide more popular with both growers and dealers. Wholesale houses carry it and will be pleased to quote prices to local dealers. Unless the local dealer orders now he is not likely to have any upon his shelves when it is wanted. A word in time to the local dealer may save the grower dollars.

Worms are encouraged by morbid conditions of the stomach and bowels, and so subsist. Miller's Worm Powders will after these conditions almost immediately and will sweep the worms away. No destructive parasite can live in contact with this medicine, which is not only a worm destroyer, but a health-giving medicine most beneficial to the young constitution.

### Oriental Like Autos

Orientals of the Far East in such places as Singapore, Java and Siam, have developed a brisk trade in Canadian automobiles, owing to the good roads built by the British, French and Dutch Governments there, according to A. B. Muddiman, former Canadian trade commissioner to those parts.

Minard's Liniment for backache

### Treasure Hunt Was Profitable

Fort William Boy Found Jewelry Valued At \$1,000

Buried treasure brought reward and prominence to Harvey Shable, an 11-year-old Fort William boy. Starting a treasure hunt near his home, Harvey unearthed jewelry valued at \$1,000 and immediately turned it over to the police. He found it under a sidewalk near his home. The treasure was identified as part of the loot taken in a \$3,000 robbery there. The robbers were never apprehended.

### Felt Like A New Person Ever Since

So Says Ontario Lady After Taking Dodd's Kidney Pills

Mrs. E. Fransky suffered with inflammation of the bladder and found relief in Dodd's Kidney Pills, Bancroft, Ont.—(Special).—"About a couple of months ago I was troubled with my kidneys and could not rest good, and my back bothered me. It gradually got worse and I decided to see a doctor. He found I had a mild touch of inflammation of the bladder, caused by my kidneys. He gave me some medicine and on my way home I bought a box of Dodd's Kidney Pills. My husband advised me to take the pills and likewise I did. After taking the first box I felt very good, but after the second box I felt like a new person. I always keep them in the house now and tell others what wonderful work they can do." This statement comes from Mrs. E. Fransky, a well-known resident of this place. Dodd's Kidney Pills are known all over Canada as the old reliable Canadian kidney remedy. They are known by the work they have done.

A prolific author says that the only way to write a book is to start making black marks on white paper, thus preventing ideas from evaporating.

Nation-wide Fame—There is scarcely a corner of this great Dominion where the merits of Dr. Thomas' Electric Oil have not been tried and proved. It is one of the world's most efficient remedies for sore throat, lame back and many other ailments arising from inflammation. Rubbed on the skin its healing power is readily absorbed, and it can also be taken internally.

"The marvels of electricity have set me thinking." "Yes; isn't it wonderful what electricity can do."

Similar opportunities will make a hero of one man and a fool of another.

### Do You Cough?

Micklithwaite Studio

### Mrs. Jas. McDonald

Toronto, Ont.—"I have used Dr. Pierce's medicines in my family for years and find them excellent in every respect, in cases of coughs, colds and for bronchial trouble, also as a blood medicine. I find the 'Golden Medical Discovery' just excellent. It builds up the system, enriches the blood and makes one feel fine in every respect.

"I take great pleasure in recommending this medicine of Dr. Pierce's for it does just what is claimed for it. It is reliable and good."—Mrs. James McDonald, 28 McMurtry St.

Ask your druggist for Dr. Pierce's Discovery, in tablet or liquid form, or send 10c for trial pkg. of tablets to Dr. Pierce's Laboratory, in Bridgeburg, Ont.

## SQUARE DEAL TO ALL PROMISED BY BRITISH PREMIER

London.—It was made clear by Premier Baldwin during the conference with the Trades Union Congress leaders in Downing Street, that it was his purpose to stand by the terms of his statement in which he promised a square deal for all.

The prime minister was questioned by Ernest Bevin, the dockers' leader, as to whether he was prepared, as head of the government, to make a general request that ready facilities for the reinstatement of the strikers would be given and whether all negotiations were to be carried on while the miners were still out.

"You know my record," Premier Baldwin replied. "You know the object of my policy, and I think you can trust me to consider what has been said with a view of seeing how best we can get the country quickly back into the condition in which we all want to see it."

"You will want my co-operation, and I shall want yours to try to make good the damage done to trade, and try and make this country a little better and a little happier place than it has been in recent years. That will be my steady endeavor, and I look to all of you, when we are through with this, for your co-operation in that. I shall do my part and I have no doubt you will do yours."

"In regard to the second point, I cannot say at this moment what will happen, because I shall have to see the parties. My object, of course, is to get the mines started at the first moment possible and get an agreement reached. I cannot say until I have seen them exactly what the lines will be upon which my object can best be obtained. But you may rely on me and rely on my cabinet that they will see no stone left unturned to accomplish that end."

## Ship Grain To Vancouver

### Will Be No Difficulty In Handling Wheat Through Pacific Port

Vancouver.—The amount of grain moving to the Pacific Coast this coming season will of course depend on the outcome of the crop in Alberta, of which indications are very favorable, but, whether crop is a very heavy one or only one of average size, there will be no difficulty at all in handling it on the railway from the start, said E. D. Cotterell, superintendent of transportation, western lines, Canadian Pacific Railway.

"Last season," said Mr. Cotterell, "there was some difficulty in handling the crop until we put the permit system in force. After our experience of last year, we shall operate under this plan right from the beginning."

## Many British Pensioners Here

### Britain Spends \$5,000,000 a Year On Pensioners in Canada

London.—During the course of a discussion in the House of Commons on the estimates of £39,500,000 (about \$191,970,000) for the ministry of pensions, Rt. Hon. G. C. Tyron, minister, said that there were about 15,000 pensioners in Canada and that the government was spending altogether in Canada about £1,000,000 a year.

Expenditure on the office in Canada was \$23,000, a saving of £15,000 having been effected. The minister thanked the Canadian Government for its assistance in the past in carrying out the work in Canada.

### Combat Forest Fires

Winnipeg.—Two seaplanes have been rushed to the scene of the forest fires which had menaced wide areas in the Lac Du Bonnet and Grand Beach districts of Manitoba. Reports from the forest patrol indicate the fires are being subdued. Rain, which was falling generally throughout the province, aided the fire fighters.

### Must Be Fascists?

Rome.—Lawyers and attorneys whose activities are regarded as sympathetic to the Italian state henceforth will not be permitted to practice their profession, according to a decree which has gone into effect.

## Recovery From Strike

### Britain Preparing to Pick Up the Pieces and Count the Cost

London.—Now, the nation that has borne with good humor and spartan fortitude the inconvenience and annoyances inevitable to any general stoppage of industry is preparing to pick up the pieces and count the cost. Work is being slowly resumed throughout the country. There are still many differences to be adjusted before industry can be in full swing again.

First, there is the question of the re-engagement of the men who have been notified that their places were filled. Then, too, groups in various sections have announced their unwillingness to resume work until the government emergency control is entirely removed.

But, on the whole, the nation has joyfully accepted the end of what the Trades Union Congress, with reason, has characterized as one of the most orderly stoppages in the history of industrial disputes.

## Would Stabilize French Credit

### Prominent Montreal Men Start "Save the Franc" Fund

Montreal.—A "Save the Franc" fund in Canada in aid of the French financial situation has been started in Montreal.

A prominent committee, headed by Sir Lomer Gouin, former premier of Quebec and former federal minister of justice, has been formed. The appeal is being made on the basis of gratitude to France for her heroic efforts and on the practical ground that stabilization of French credit will result to the business advantage of this country.

School children will be appealed to for very small contributions and it has been suggested that employers take up modest subscription lists from employees willing to donate.

When complete, the money will be dispatched to Marshal Joffre as head of the main fund in France.

## Revolt In Poland

### Severe Fighting Occurs in Streets Of Polish Capital

Berlin.—Reliable advices from Warsaw say that severe fighting occurred in the streets of the Polish capital, many persons being killed or wounded.

Anti-Government forces are reported to have occupied the castle, the premier's residence and the foreign office, and to be marching on the president's palace at Belvedere.

It is additionally reported that the government has resigned and that the president's resignation is expected.

Telegraph and telephone communication from Warsaw is badly interrupted, but the Polish agency at Danzig sends out the information that troops loyal to the government have occupied all the public buildings.

## Crop Conditions In Europe Excellent

### Are Making Seasonable Progress Says Report From Rome

Ottawa.—According to a cablegram received by the department of agriculture from the International Agriculture, Rome, the condition of winter cereals in Bulgaria is excellent. Crop conditions are good in Italy, and fairly good in Belgium. In Poland conditions are a little above the average. In Hungary the weather has been favorable and the crops are making seasonal progress. Conditions have been normal in Rumania, and spring sowing was almost completed at the end of April. There have been some complaints of rust in France, and crop conditions are not so good in that country as they were at this time last year.

### Lose Track Of Beer

Winnipeg.—More than 60 per cent. of the beer manufactured in Manitoba, upon which a gallonage tax was paid in 1925, appears to have been disposed of without being accounted for to the government liquor control commission, according to a return filed with the clerk of the Manitoba Legislature by Hon. R. W. Craig, attorney-general.

A superintendent of schools in Grant County, Wash., carries portable scales in his automobile. He plans to weigh every pupil twice a year.

## U.S. HAS DECIDED TO TIGHTEN UP ON DRY LAWS

Washington.—The revamped administration measure for tightening up dry law enforcement was approved by majority of the senate prohibition committee and will be recommended favorably by the judiciary committee.

The bill is not expected to pass at this session of congress, the wets are prepared to debate it at length, offering as amendments their modification proposals.

The bill provides among other things, penalties of imprisonment for five years or \$10,000 fine, or both, in cases of conviction for diverting denatured alcohol to unlawful uses; severe penalties for counterfeiting permits or physicians' prescriptions for liquor; seizure of all vessels on the high seas undertaking to smuggle liquor into this country, except that foreign vessels must be seized in accordance with treaty stipulations; search of United States craft by the coastguard at any place on the high seas; and search of dwellings on evidence of commercial distilling.

## New Flag For South Africa

### Over 3,000 Designs Submitted to Committee For Selection

Capetown, South Africa.—The Hertzog Government has accepted a design for a new flag for the Union of South Africa. The design for the flag shows a vertical red bar next the staff and horizontal bars in green, yellow and blue.

The Union-Jack will be flown in addition to the new flag and on state occasions.

Early in the year a commission representative of all parties in South Africa was appointed to select a flag for the Union of South Africa. This step was the outcome of a friendly arrangement between Gen. J. B. Hertzog, premier and nationalist leader, and Gen. Jan. Christian Smuts, former premier and leader of the South African party in the House of Assembly.

Over 3,000 designs for the new flag were submitted to the commission.

## Carpenters Resume Work

### Ten-day Strike In Vancouver Has Been Settled

Vancouver.—Work on several large buildings under construction in the downtown section of Vancouver, suspended for ten days by a carpenter strike, has been resumed following settlement of the dispute at a series of conferences between representatives of the strikers and general contractors' association.

Settlement includes continuation of the five and a half day week which the carpenters had sought to have reduced to five days, until May 1, 1927, and an increase of 50 cents per day to commence immediately. The new rates of pay for carpenters will be \$7.50 per day.

### Noted Canadian Painter Dies

Ottawa.—News has been received here of the death in Guelph, Ont., of Jobson Paradis, distinguished Canadian landscape painter. Mr. Paradis was 75 years old. He was born in St. John's, Que., the son of Judge Paradis of the Montreal district.

## Decorated North Pole

### Amundsen Drops Flags of Three Nations on Top of the World

Rome.—Judging by Commander Nobile's radiogram to Rome, the North Pole, after the Norge's passage, must have had something of the appearance of a birthday cake, except that flags instead of candles, decorated it.

When Riiser-Larsen's observations indicated that they were directly above the top of the world, the great dirigible slowed up and descended close to the ice fields. A brilliant ray of sunlight cutting through the mist caused the ice to glisten like a mass of gems.

Amundsen dropped the Norwegian flag, Ellsworth the United States and Nobile the Italian, and two other Italian flags, one for the Italian Aero Club and another for the city of Rome.

## Manitoba Bird Sanctuary

### Provincial Government Sets Apart 2,600 Acres at Portage la Prairie

Portage la Prairie, Man.—The Provincial Government has recognized the advisability of establishing a bird sanctuary at this point and for which due confirmation was received from the Lieutenant-governor. The territory will embrace upwards of 2,600 acres, 600 of which will be water and will be marked out by the Kiwanis Club of this city.

Furthermore, the parks board has prepared a pond for wild geese and ducks to serve as a homing place for them. It is situated adjacent to the deer enclosure in the park.

## Urge People To Co-operate

### King George Has Issued Appeal For National Peace

London.—King George issued an appeal to the people of Great Britain to co-operate in the task of bringing peace to the nation.

"Let us forget whatever elements of bitterness the events of the past few days have created," he said.

The King begged his people to remember how steady and how orderly the country had been through the country's industrial crisis and asked them to address themselves to bringing into being a lasting peace.

## Prepare For Moving Bumper Grain Crop

### Canadian Board of Commissioners In Conference at Montreal

Montreal.—The board of grain commissioners for Canada have been in Montreal conferring with the board of trade, the harbor commissioners and other interested parties in regard to the movement of this year's grain crop, which promises to be a bumper one, according to Leslie H. Boyd, chairman of the board. The opinion is generally held that increased facilities for handling the eastern shipments are needed at Montreal.

### Indian Woman Trapper Dead

Port Arthur, Ont.—Nancy Plummer, Indian woman, born in the Long Lac district six years before Confederation, is dead. She followed the occupation of trapper and traded furs with the Hudson's Bay Company when she was a young girl. Her father, John Waywashie, was chief of an Indian tribe in the Moose Factory territory for years.

## SAYS EUROPE IS ON THE VERGE OF ANOTHER WAR

Berlin.—In launching a campaign for the establishment of a pan-European federation, the Austrian Count von Coudenhove-Kalergi announces in the Vossische Zeitung, that "Europe is on the verge of another war." The war menace, he declares, is greater than in 1914; the present European developments are to be viewed from historical standpoints as the prelude to a new outbreak.

One day Europe will have placed before her the alternative of war or a general revolution as counter measure to a new outbreak and this means definitely the smashing of the present European system," says the Count, who long has been a leader in the movement in favor of the organization of a United States of Europe.

The Count declares the Western Alsace-Lorraine problem has been permanently solved by the Locarno agreements, but says in its place at least a dozen new Alsace-Lorraines have cropped up in Eastern Europe, which are "located in the volcanic zone responsible for all European wars since 1871."

He contended that at present the main safeguard against war is general poverty, which, however, is not considered insurmountable.

The writer asserts that Bessarabia represents the "principal fuse to the European powder barrel," involving conflicting policies of Rumania, Russia, France, Great Britain, Germany and Italy.

Still another menace, he says, threatens from Italy, "the objective of whose avowed imperialism and militarism still is uncertain, whether directed toward Africa, Asia, or Europe."

"Today," says Count von Coudenhove-Kalergi "any lunatic is capable of involving Europe in another war."

## Butter From Antipodes

### Subsidized Australian Butter Is Subject To Dumping Duty

Ottawa.—Australian butter and canned fruits, subsidized for export, are subject to a dumping duty in Canada equivalent to the amount of the subsidy. This announcement was made in the House of Commons.

Hon. George H. Boivin, minister of customs, said that the government was informed that what is known as the Patterson scheme came into effect in Australia on January 1st. It imposes a tax of three halfpence a pound on all butter produced in that country, and out of the funds thus provided a bonus of three pence a pound was paid on butter exported from the Commonwealth.

## SUNDAY SCHOOL LESSON

MAY 23

### ISAAC AND HIS WELLS

Golden Text: A soft answer turneth away wrath; but a grievous word stirreth up anger. Proverbs 15:1.

Lesson: Genesis 26:16-25.

Devotional Reading: Matthew 5:1-12.

### Explanations and Comments

Isaac's Prosperity and Its Result, Verses 12-17.—A hundredfold was the yield which Isaac obtained from his sowing, and so great were his possessions in flocks and herds, and so great was his household, that the Philistines envied him.

"There is envy in the hearts of us all. You, professional man, have you never envied that other professional man who has a greater reputation than you have? You, preacher, have you never envied your brother preacher who has larger congregations, and is more often noticed in the Press than you are? You, woman, have you never been envious of your sister woman who happens to be younger and fairer and more admired than yourself?" (Dr. J. D. Jones).

The envy of the Philistines led them to fill up the wells which Abraham had dug, and Abimelech, their king, commanded Isaac to leave. Although Isaac was, as his enemies admitted, stronger than they, he would not strive with them. Without wells Isaac could not support his cattle and herds, and he moved on and erected his camp in the Valley of Gerar.

"It used to be a mark of a gentleman that he would instantly resent an encroachment on his rights, and pick a quarrel at a moment's notice. Today, that would be a mark of ill-breeding. Where education and Christian culture have done their fullest work, there is most patience and gentleness."

Bonnie Scots Bairns for Canada

Canada gives a specially warm welcome to children, and Scotland continues to send her sturdy youth to the great Dominion. Here is a party which sailed from Liverpool to Canada on the Canadian Pacific liner "Montclare," recently. They are Robert and William McRobert, Chrissie and Nancy Cameron from Forres, Jean Brown from Govan, W. Gray from Fife, and Flora Stables from Inverness, Aberdeenshire.

## OPERA HOUSE

SATURDAY, MAY 29th

### HAROLD LLOYD

ONE SHOW COMMENCING AT 8 P.M.

with comedy, feature picture at 8.30, comedy repeated at end of show, jitney dance follows show.

WED. JUNE 2nd—"As No Man Has Loved"  
4th Episode of Serial.

## Local and General.

C. Cook and H. Stauffer spent Monday with friends at Alsask.

Bert Cressman, R. Hawkes, M. Stringer and T. Johnston played the golf course at Banff over the holiday.

A dance will be held in Rosebud school on Friday May 28th, in aid of the Rosebud Baseball team. Come and help the boys.

A dance will be held in C. H. Rhinehart's barn on Friday, June 11th. Everybody welcome. G. Gazeley's four-piece orchestra from Crossfield.

Mr. and Mrs. S. G. Watt and family spent the holiday at Buffalo Lake. Nice weather was experienced until Monday evening, when a heavy rain fell.

Mr. and Mrs. Liphardt and family were visiting at Mayton on Monday and were present at the opening of the new Four-Square Gospel hall there.

In compliance with regulations laid down by the educational authorities, the Didsbury school trustees have just purchased a flag for the school grounds.

The Mountain View W.I. will hold their annual picnic on Friday, July 2nd, at the Community Hall. Dance in the evening. Everybody is invited. Make it a real family day.

Mrs. E. Cressman, who was recently operated on at Calgary for goitre, is expected home this week. Her friends will be glad to hear the operation was quite successful and the patient is now progressing favorably.

A lawn social will be held by the Westerdale W.M.S. at the home of W. A. Swingle, on Thursday evening, June 10th. Supper will be served cafeteria style, also outdoor program, everybody come for a good cause.

R. W. Palmer, representative of the House of Hobberlin, an expert tailor, will be at J. V. Berscht's store on Monday, May 31st with a full range of samples and models. Be sure to see these.

A number of our residents spent the holiday at Banff, among

whom were Mr. and Mrs. J. V. Berscht and family, and Alymer Liesemer, Mr. and Mrs. Alex. Guy and family, and Mr. and Mrs. J. Morrison and family.

The sympathy of his many friends will be extended to W. G. Schiedt in the death of his mother at Portland, Ore., which took place shortly after his arrival there. Walter returned to Didsbury on Thursday last.

Under the direction of Mr. J. Boorman, a great improvement has been effected at the local telephone office by the planting of additional trees and shrubbery trimming of the boulevard, and the painting of the fence, etc. In competition with the other offices in the province it should stand high this year.

A very successful banquet, arranged and prepared by Carstairs Lodge, A.F. & A.M., was given in that town last Friday evening, the company present including many distinguished and prominent members of the fraternity. Among those from outside points were Grandmaster N. E. Carters, J. T. McDonald, P.G.M., Calgary, the incoming District Deputy, W. H. Jackson of Innisfail. Didsbury was represented by Mr. and Mrs. A. Brusso, Mr. and Mrs. A. V. Buckler, Mr. and Mrs. A. L. McInnis, Mr. and Mrs. D. McDougall, Mr. and Mrs. G. May, and Messrs. W. Morgan and R. Hamper.

The May meeting of the Jutland W.C.T.U. was held at the home of Mrs. H. Hooper, there being a good attendance. After the business part of the meeting was finished, arrangements were made for a parlor meeting at the home of Mrs. E. Liesemer, at 8.30 p.m., on June 2nd. A good program will be rendered. Members are requested to bring cake and sandwiches. Everybody welcome.

Miss Joyce of Didsbury school staff was a Banff visitor over the holiday.

FOR SALE OR TRADE

Crossley 2 tube Radio for sale or trade for livestock or lumber.

Phone 2003, Mrs. A. B. Frasch.

### This Farmer Knows Where He Stands

He has a memorandum on the cheque stub of every account—and an entry in his bank book as well—a double check on his business. The incoming cheques or cash are also shown in his bank book. In a flash he can tell when he paid any particular account or when an account was paid to him. His bank book tells him.

He has no need to go to town to do his business if he is rushed. A cheque by mail pays an item or makes deposits almost as quickly as he could do it himself.

Today the safe, efficient, satisfactory method of business is through the Bank.

### WHY NOT DEAL WITH YOUR NEIGHBOR.

So many of us at times are so apt to pass up the local merchant, your neighbor, in the purchasing large or small. Some of us do this without really giving any thought to the injustice which is being done to your neighbors, the merchants, who are a part in the building up of your community life. They are established in your town with heavy investments in equipment and merchandise, aiming at all times to serve you economically and efficiently, paying their taxes towards the upkeep of the schools and other municipal requirements, but at the same time there are still those who insist upon sending their money away for the purchase of commodities which could be secured through the local merchants, without consideration for these local merchants who are a very important part of your community and life existence.

There are some who send their money away without ever giving the local merchant a chance to quote prices. We ask in all fairness, is this a fair and neighborly way to treat the merchants who have settled amongst you for your convenience, ready to serve you at any and all times. When times were hard and some needed accommodations, did they get it by writing or sending away for it? Did mail order houses come to the rescue and say, "Here we are ready to assist you. Order what you want and we will charge it up until you are in a position to pay?" Oh no, the local merchant was the one solicited in times of stress. He was a neighbor then and, as all real honest-to-goodness neighbors, was expected to help his neighbors by giving credit.

Now, folks, just ask yourself this question. Are you playing fair, are you doing the right thing, are you helping to build up your community and are you really making any large or worth while saving by sending your money out of your district for commodities which can be purchased right at home?

Be fair at least by giving your local merchants a chance to do business with you. All they ask for is to be given a chance to figure on your requirements. That's reasonable and fair enough, isn't it?

General Change  
in Train Service  
effective Sunday,  
May 16, 1926.

Times for Trains at Didsbury will be  
NORTHBOUND  
No. 521—3.09 a.m. daily  
No. 525—6.19 p.m. daily  
No. 523—9.54 a.m. daily except Sunday.

## NOTICE.

Owing to not being able to dispose of my stock I have decided to continue in business indefinitely. My son, Cecil Studer, will be looking after my interests while I am away from Didsbury.

We intend stocking Staple Goods in all lines previously carried.

I wish to thank my many friends who have stayed with me since my sale started, and also those who have found it necessary to leave me. I hope by my stay here that I may look forward to their coming back.

We aim to always stock the best goods that money can buy.

YOURS FOR GOOD VALUE,

A. G. STUDER

# *The Resources of an Empire!*

## For Present and Future Development in the Province of Alberta

DAME NATURE has been kind to the Province of Alberta. No Province of Canada occupies so strong a fundamental position as Alberta, with its great wealth of agricultural and other resources, the development of which has only just begun. Surely then, with so sure a basis for faith and confidence in the future, the people of Alberta need not hesitate to face the problems that arise, nor to join in the shoulder-to-shoulder movement for the intelligent promotion of the development of these great resources. Knowledge of these resources is all that is necessary to create confidence. It is for this reason that this newspaper presents below a brief review of Alberta's wealth and possibilities.

### *20 Years of Progress in Alberta*

	1905	1925
TOTAL VALUE AGRICULTURAL PRODUCTS	\$20,000,000	\$256,000,000
WHEAT PRODUCTION .....	3,000,000 Bus.	103,000,000 Bus.
DAIRY PRODUCTS, VALUE .....	\$ 1,000,000	\$ 23,000,000
COAL PRODUCTION .....	931,000 Tons	5,800,000 Tons
MILES OF RAILWAY .....	1,000 Miles	4,800 Miles
POPULATION .....	200,000	640,000

**AREA**—254,000 square miles, twice as large as the British Isles, larger than France or Germany. Population 2.3 to the square mile, compared with 389 per square mile in the British Isles, 184 in France and 328 in Germany.

**AGRICULTURAL LANDS**—More than 60,000,000 acres of fertile lands capable of cultivation still untouched.

**FREE HOMESTEADS**—More than 15,000,000 acres of land still open for free entry.

**IRRIGATION LANDS**—One million acres now under irrigation, three million more capable of irrigation.

**COAL**—Largest coal resources of any similar area in the world. Alberta has 14 per cent. of the world's coal reserves; 72 per cent. of the British empire coal reserves and 87 per cent of Canada's reserves.

**NATURAL GAS**—Four large fields now operating, supplying four cities and several towns with gas fuel.

**OIL**—Two producing fields, one containing the richest producing oil well in the world, bringing in 15,000 barrels monthly of almost pure naphtha, in the Turner Valley. In the Wainwright field wells producing 80 to 150 barrels a day crude petroleum, other wells promising. Other fields being developed.

**TIMBER**—60,000 square miles of merchantable timber, including 270,000,000 cords of pulpwood.

**TAR SANDS**—15,000 square miles of rich tar sands, suitable for paving material or oil extraction.

**OTHER MINERALS**—Include salt, bentonite, clay for ceramics, building stone, etc.

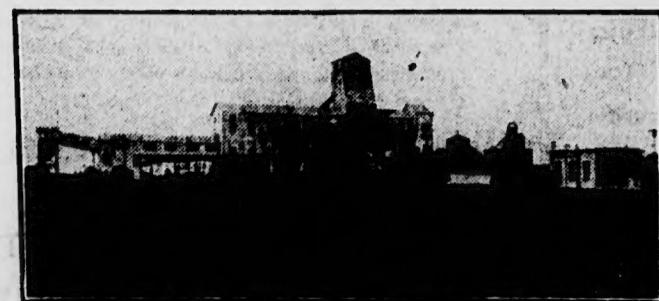

**WATER POWER**—Utilized and available estimated at 1,750,000 horse power.

**FISHERIES**—Extensive commercial fish possibilities. Annual production valued at \$400,000.

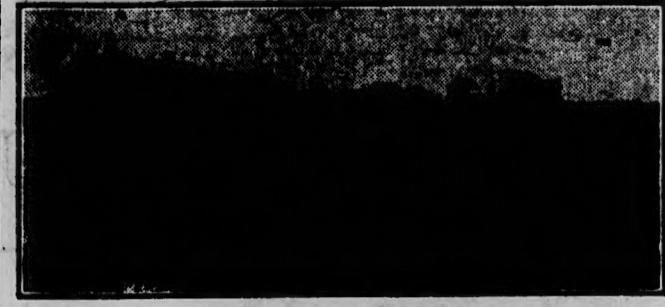

**FURS AND GAME**—Annual value furs and game over \$2,000,000.

**TOURIST ATTRACTIONS**—Three big mountain parks, including some of the most famous mountain resorts and scenery in the world.

*This page is published by this newspaper as part of a united effort by the Alberta Press Association to place before the people of Alberta the strong fundamental position of this province, her progress to date, and the great possibilities for the future.*

AN ALBERTA COAL MINE

A FARM SCENE IN ALBERTA

### Dauphin Celebrates Anniversary A Quarter of a Century Since Town Was Incorporated

The town of Dauphin, on the northern branch of the Canadian National Railways in Manitoba, is preparing to celebrate its 25th birthday this year. It is just a quarter of a century since Dauphin was incorporated as a town and the celebration is to be marked by an Old Home Re-Union, to which every former resident of the district, who can be located, will receive a personal invitation. An historical pageant is contemplated, which will give a panorama view of the history of Dauphin and district from the time of the discovery and naming of the lake by Francois de LaVerandrye in 1739 to the present. The occasion is stimulating much historical research and considerable data is being unearthed of the story of explorer, trader and pioneer, which would otherwise pass into oblivion. The celebration will be held in conjunction with the agricultural fair on July 8, 9 and 10.

### For infant feeding Uniform and satisfactory results invariably follow the use of

**Borden's EAGLE BRAND Condensed Milk**

and the druggist's son, because she had a lot of money in her bag and wanted to do something for Mrs. Adams! She'd forgotten what geraniums looked like.

But Mrs. Adams hadn't. When Joanna, overdue in her room rent, as usual, stepped out of the automobile in front of the rooming house something electric brought the slatternly but motherly landlady to the window. When she'd rubbed her eyes and recognized her delinquent roomer she estimated the armful of flowers. Joanna and geraniums! And a luscious! What's wrong?

To the chauffeur who helped her to descend and who took her bundle—the wrap she had put aside for the new one of milk, Joanna said:

"You may go back now to your boss. And if he asks about me—tell him I'll see him at church, will you?"

The man saluted. Mrs. Adams, watching from the window, saw it. Joanna suddenly was upset again.

(To be continued)

### WOULD WAKE UP TIRED

#### Stomach Out of Order and System Run Down

"I suffered from stomach trouble for several years," says Mrs. Mabel Crouse, of Nineveh, N.S. "I would have severe pain after eating, and as a result I ate sparsely, and so ran down in general health. I grew pale and weak, was easily tired, and would wake up in the morning as tired as when I went to bed. Then my nerves began to give out, and my sleep easily disturbed. Naturally I was being treated for the trouble but it did not help me; indeed I was growing worse and could not walk to the nearest neighbor's without stopping to rest. It was at this stage that, as the result of an advertisement I read, that I decided to try Dr. Williams' Pink Pills. I had taken the pills for several weeks before I could notice any improvement in my condition, then I seemed to have a better appetite, and less difficulty after eating, and this encouraged me to continue taking the pills until I had used a dozen boxes, by which time I could eat a hearty meal and enjoy it. My general health had improved so much that I felt I was again well woman. I have not since had any return of the trouble, and feel that I can with confidence recommend Dr. Williams' Pink Pills to other weak and ill people."

For indigestion, or any of the numerous troubles due to thin, watery blood, Dr. Williams' Pink Pills are strongly recommended. Sold by all medicine dealers, or will be sent by mail at 50 cent a box by The Dr. Williams' Medicine Co., Brockville, Ont.

### Little Helps For This Week

One that hath a pleasant voice.—Ezek. xxxiii, 32.

Her voice was ever soft, gentle, and low. —Shakespeare.

There is no one thing that love so much needs as a sweet voice to tell what it means and feels. One must start in youth, and be on watch night and day, at work and play to get and keep a voice that shall speak at all times the thoughts of a kind heart. It is often in youth that one gets a voice or a tone that is sharp, and it sticks to him through life, and stirs up ill-will and grief, and falls like a drop of gall on the sweet joys of home. Watch it day by day as a pearl of great price for it will be worth more to you than the best pearl hid in the sea. A kind voice is to the heart what light is to the eye; it is a light that sings as well as shines.—Ellen Burritt.

**Oil in Okanagan Valley**  
It is understood that the Shell Oil Company has secured options on territory in the Okanagan Valley, with a view to boring for oil. It will be some months before any definite results are obtained.

**Useful in Camp.**—Explorers, surveyors, prospectors and hunters will find Dr. Thomas' Eclectric Oil very useful in camp. When the feet and legs are wet and cold it is well to rub them freely with the Oil and the result will be the prevention of pains in the muscles, and should a cut, or contusion, or sprain be sustained, nothing could be better as a dressing or lotion.

It is estimated that 4,300,000 acres are under plantation rubber at the present time.

Worms feed upon the vitality of children and endanger their lives. A simple and effective remedy is Mother Graves' Worm Exterminator.

The statesman in his flights of oratory merely spreads his o-pins-ons.

### Colds Are Not Necessary Evils

Observance of One Fundamental Rule of Health Protects Against Them

Whether one catches cold easily is largely a question of physical condition. If the general vitality is low, resistance to disease is weak and at such a time a cold is easy to contract and difficult to check.

Constipation is frequently the cause of such a state of health, with its attendant listlessness, biliousness, headaches and a general lack of vitality. Poisons from the waste matter that remains behind after improper, irregular bowel elimination are picked up by the blood and carried to every part of the body. They weaken your resistance to disease.

Thousands of people who have suffered from self-poisoning in this way have found that *Nujol*, the internal lubricant makes bowel elimination sure and easy.

*Nujol* softens the waste matter and permits thorough and regular elimination without overtaxing the intestinal muscles. *Nujol* can be taken for any length of time with no ill effects.

If you take cold easily, ask your druggist for *Nujol* to-day—and remember, look for the name "*Nujol*" in red on both bottle and package.

Strange Romantic Love Adventures of the Happier you know

# Joanna

#### THE STORY THUS FAR

Joanna, flapperish, pretty, shop girl informed by her employer, Graydon, that an unknown benefactor has given her a million dollars to spend as she wishes. There are no conditions which she must meet to gain the money. Dazedly she attempts to discover the name of the unknown benevolent, but he cannot, or will not, inform her. At the bank she meets the banker, Eggleston, who adds nothing to her mystery, and his man-about-town nephew, Brandon. The latter helps her write her first check. Armed with ten thousand dollars and the suave Brandon's statement that he intends to make love to her she goes to the furriers. The farrier implies that she must have "hooked" a rich man. The chauffeur also implies this. Hurt, Joanna starts home.

#### CHAPTER V.—Continued.

What else was there to say? What else to think about? Ready any time he was. But John asked her, then:

"What sort of a wife will you be to me, Joanna? And do you think I'll be the kind of husband you really want?"

And that was John's old-fashioned way. Musing things up. As to what sort of a wife she'd be, how could she explain? She knew, deep down inside her, that she'd be a darned good one to him, but she hadn't been spending her time thinking up ways to explain why. Small chance! The wives she knew were the kind that men who weren't their husbands

were always buying red roses for. She had tried to wonder, once, why men bought red roses for other men's wives, but she had given it up. She knew why these other men's wives drank more out of other men's hip pocket flasks than they did out of their husbands', but she couldn't have put that into words, either. And she knew, too, that these wives, whom she met at dancing places, at the cheaper and gaudier cabarets to which her boys could afford to take her, and at occasional beach parties in the summer time, were not the kind she'd be to John. But how in the dev—the deuce! could she get all that into common sense words? So all she could say to John that time was:

"Aw, you give me a pain! You take what you get, and I'll take what I get, and whoever kicks first can take the gate!"

Which made John say a thing or two she didn't like and a quarrel was the outcome, and so that was that. She knew perfectly well what she'd do with fifty dollars all at one time. With ten thousand dollars she was like a schooner at sea with the masts broken down. With one million dollars—her head ached! Joanna wasn't very good at figuring things out!

Why? Who? What was the strange, astounding, unbelievable thing behind it? She'd always marvelled at the things people thought up for the movies, and for the plays. She'd even thought of herself as married to a Wall Street broker with an apartment on Park Avenue and a butler and a maid all her own. All girls had crazy dreams like that. But she'd never heard of a thing such as had happened to her. She didn't know what to do about it, except to go to Mrs. Adams, where she roomed, and, somehow, that was a waste of time. She ought to be out spending her money. But where should she begin? Let's see! First, now that she had the cost, she'd buy some—what?

Good Lord! With a million dollars everything she could think of seemed cheap and useless. And Cohen! He thought she'd fallen for a—!

Well, she'd get some flowers for Mrs. Adams, who had been worrying about her last week's room rent, take them home, sit down and see if she could think it over. Then she'd try to get that jazz mind of hers down to business and figure out what was to be what. She'd been let in for something by somebody for some reason or other, and while the going was good she'd go!

Joanna didn't like the way the chauffeur acted when she rapped on the glass that separated them and, when he had stopped the car and put his head in through the door, she told him to stop at a flower shop. He was cold, and up in the air—he knew things. He said that she didn't need to rap on the glass; that there was a speaking tube. And he added:

"That's one of the things you must

### BLACKHEADS AND PIMPLES

On Face and Neck. Itched Badly. Cuticura Healed.

"My trouble began with blackheads which after a while festered and caused little red pimples. The pimples were scattered over my face and neck and itched badly. When I scratched them it caused little sore eruptions, and the trouble lasted about four months."

"I sent for a free sample of Cuticura Soap and Ointment and after using it I purchased more which healed the pimples in about two months." (Signed) Ivan Towriss, 51 Frederick St., Arthur, Ont.

Clear the pores of impurities by daily use of Cuticura Soap, with touches of Cuticura Ointment as needed to soothe and heal. Cuticura Talcum is fragrant and refreshing.

Sample Box Free by Mail. Address Canadian Depot: "Blackhead, Ltd., Montreal." Price, 25c. Each. Cuticura Soap and Ointment. Cuticura Talcum. Cuticura Shaving Stick 25c.

## THE MUTUAL LIFE INSURANCE CO. OF NEW YORK

The Mutual Life Insurance Company of New York is "The Oldest Life Insurance Company in America," and is one of the strongest financial institutions in the world. It was organized in 1842 on the MUTUAL basis; that is, there is no Capital Stock connected with the Company, the Policyholders owning and operating the company for their own benefit. Consequently, all assets belong to the policy holders and divisible "Profits" are paid to them annually. These may be taken in any one of the several different ways, which the agents will explain to interested parties. Full legal reserves are maintained to protect all insurance in force.

Sealed tenders will be received by the undersigned up to 5 p.m. Monday, May 31st, 1926, for the following:

Stripping, excavating, screening loading gravel approximately 500 to 600 cubic yards, and hauling gravel from Hunsperger pit, south of town, to portion of Railway street, Didsbury, between Hammond and Berlin streets.

The right is reserved to reject any or all tenders.

W. A. AUSTIN,  
Secretary-Treasurer,  
Town of Didsbury.

## Church Announcements

### EVANGELICAL NOTES.

After being closed for three weeks (over two Sundays) our church will again be opened for public worship next Sunday morning. Great improvements were made by way of painting. A few days ago a caller who is well acquainted with most of the churches in this province, ventured to say that from viewpoint of its neatness, restfulness, and devotional aspect, our church will now compare favorably with the best in the province, next to the more costly churches in the cities of Edmonton and Calgary. The contract has also been let for the painting of the exterior of both the church and parsonage which will also be done in the near future.

Next Sunday at 10:30 a.m. special recognition will be given to the babies of our church and superintendent of the "Cradle Roll" will give a short address in connection with an exercise to be given by some of the "Cradle Roll" members. This is probably something new here and every mother is urged to come and bring her baby.

Roppel brothers of Rockford, Alta., Simon and Louis, with their wives and little Harold, son of the latter, were guests at the Ev. parsonage last Sunday and Monday. Roppel Bros. are first cousins to Rev. Roppel here and also former acquaintances in Ontario with H. Reiber, F. Kaufman and E. Thede. Short visits were made in these homes also.

We are glad to note the steady improvements of Mrs. Geo. Liesemer since the injury from her fall about three weeks ago. She is beginning to get on her feet again and no doubt will soon be out again.

Mr. J. V. Berscht and family spent Sunday and Monday at Banff, to scale the Rockies once again.

Dippel Bros. in company with Mr. Albert Sturm spent the 24th at the "Pond" fishing and they report a good catch of pike.

## KNOX UNITED CHURCH

Sunday, May 27th, the minister of Knox United church is taking for his theme "Four ways to know the Bible." In every congregation there are folks drilled in the older methods of employing the scripture. They are often the salt of the earth. But when to this older method is added the new approach to the Bible, the Book becomes the most living of books. Anyone who masters the new approach is at home in any part of the Book. He opens its pages at any point and knows where he is. The sermon Sunday is a sincere endeavor to help in Bible reading and should not be missed.

### CARD OF THANKS

D. J. McEwen desires to take this means of extending his very best thanks to his neighbors and friends for their valuable help and assistance in his farm work, and especially to Ira Levagood, M. Stringer, M. Snyder, F. and H. Steckley, N. and A. Weber, C. Thompson.

"In Every Way—Better"

AT zero, McLaughlin-Buick Automatic Heat Control means easy starting and smooth running immediately. In every temperature, this exclusive McLaughlin-Buick feature insures gasoline economy, automatically, and at all speeds. McLaughlin-Buick mechanical 4-wheel brakes make secure, footing that is insecure. From experience through winters and summers McLaughlin-Buicks have proved the all-year dependability of the McLaughlin-Buick type of brakes. Their direct, mechanical action is not affected by weather changes.

And not even a blizzard will harm the McLaughlin-Buick Valve-in-Head engine. Every point where metal would rub metal is lubricated under pressure. A flood of oil is forced everywhere, as soon as the engine starts.

You will not find another car today, regardless of its price, with its performance so perfectly protected. Winter or summer, a McLaughlin-Buick is better!

The new low GMAC financing rates are available to purchasers of McLaughlin-Buick on time.
